Dear Chairman DeFazio and Ranking Member Graves:

I am requesting modifications to the (c)(33) St. Charles, St. Bernard, Plaquemines Parish Environmental Infrastructure Assistance project in the Water Resources Development Act of 2022. The entity to receive funding is the U.S. Army Corps of Engineers, and the project would be eligible to be located in Louisiana's 1<sup>st</sup>, 2<sup>nd</sup>, and 6<sup>th</sup> Congressional Districts.

The purpose of this project is to provide additional authorization for projects related to stormwater and subsurface drainage in St. Bernard Parish. This project is an appropriate use of taxpayer dollars and will improve stormwater and subsurface drainage systems.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Steve Scalise  
Member of Congress
